

Testimonials

Throughout this project Imerja demonstrated a thorough understanding of the Council's ICT requirements, and worked closely with us to design and implement a solution that has improved performance and reduced our operational costs.

Lee Edwards, Head of IT
London Borough of Redbridge

A flexible approach in implementing the upgrade is paramount for the Trust given the day to day operational pressures and the need for service continuity – Imerja has proven time and again that it can deliver in this environment.

Bill Gordon, Assistant IT Director
Chelsea & Westminster Healthcare NHS Trust

Imerja is a very responsive organisation and one we are happy to return to time and again for technical expertise and support – the strength of the partnership speaks for itself.

David Nunn, Head of Operations
Retail Decisions

The seamless implementation of the Check Point solution stands as testament to Imerja's partnership approach and the technical expertise of its Security Specialists - they consistently demonstrate flexibility and commitment through every aspect of our working relationship.

Doug Sheen, Information Services Director
Sefton Metropolitan Borough Council

We selected ntl:Telewest Business and Imerja for a number of reasons including their ability to demonstrate how they can work together to underpin the council's flexible working strategy, and their proven experience in delivering perimeter and endpoint security solutions within the public sector.

Ian Hawkins, Infrastructure Manager (Voice and Data)
Warrington Borough Council

We see Imerja as a trusted partner to help us maintain forward momentum in the development of our customers' IT infrastructure – which is critical in supporting the drive towards realising the national agenda for modernisation and providing value for money.

Steve Orman, Head of IT Services
Sussex Health Informatics Service

Despite the tremendous upheaval a project like this involves, Imerja managed to complete the tasks with no noticeable disruption to service for the users, and have impressed throughout with their tireless commitment to get the job completed whatever the cost.

Yogesh Sharma, Head of ICT
MRC Clinical Trials Unit

We see IT from
your perspective

We are delighted with the professional approach Imerja has applied in all its work for the Council, and in its constant adaptability and willingness to work with us rather than for us.

Rod Matthews, Head of ICT and Director of eBusiness
Knowsley Metropolitan Borough Council

The support Imerja provides enables us to focus on the strategic development of our business without having to worry about the security and performance of our corporate infrastructure.

Stuart Salt, Head of IT
Sport England (2006)

Imerja brings a breadth of resources and experience in a number of areas at a critical time in our development and compliments existing in-house resources.

Chris Haynes, Director
EDT - Transformational Government, Cabinet Office

Government Connect is an exciting initiative that will make a positive difference to the delivery of public services, and NCC Group is delighted to be working with Imerja to help provide secure connectivity to local authorities wishing to join.

Ian Lever, Principal Consultant
The NCC Group

The Trust selected Imerja because of their convincing and cost effective proposal, their willingness to study our requirements in depth and their clear focus on working in close collaboration with our own in house support team.

Brian Tarmey, Acting Head of Business Support
Trafford Housing Trust

The service and support we receive from Imerja is consistently excellent, and the commitment to getting the job done, whatever challenges arise, is never in doubt.

Bill Gordon, Assistant Director of IT
Chelsea & Westminster Healthcare NHS Trust

Imerja's detailed report and subsequent assistance in configuring an on-site trial allowed my customer to make an informed decision.

Peter Southern, Head of Primary Care Strategy and Delivery
Sussex Health Informatics Service

The whole process was transparent and caused no disruption to the Council. The project was delivered on time and to budget.

Simon Rozario, IT Security Consultant
London Borough of Wandsworth

We see IT from
your perspective

The consultancy report provided to us by Imerja was refreshingly both clear and concise, evidencing a strong grasp of the Trust's current issues around single sign-on plus possible solutions that could help us move forward in practical steps.

Derek Farlow, ICT Security Manager
King's College Hospital NHS Trust

Imerja provides excellent support and technical services, and their approach to business suits the way we like to work – in partnership with others to deliver services of the highest standard

Arthur Rigby, IT Manager
Knowsley Housing Trust

Imerja's proposed design and use of market leading technologies coupled with their existing experience of the authority's local and wide area infrastructures will ensure we have an effective foundation through which we will be able to meet the council's needs.

Sam Maiden, Technical Solutions Manager
Knowsley Metropolitan Borough Council

Imerja was very accommodating during the evaluation and responsive to our questions when asked – the Exinda appliance has enabled us to take effective control of our Internet traffic helping us better understand usage patterns and improve performance.

Alan Kirkham, Service Director for Strategic Procurement & e-Services
Wakefield Metropolitan District Council

I found Imerja thoroughly professional and they provided a good competitive service. They kept us informed every step of the way and in the end provided a useful set of recommendations.

David Vining, Head of Strategic ICT
Vale of Glamorgan Council

This is a tremendous win and an exciting project for us to be involved with. Working closely with Imerja on this project has enabled us to offer RNLi a depth of service that surpassed the competition and allowed us to deliver an innovative yet robust solution with a comprehensive on-going service offering.

Nigel Loveland Senior Account
Manager at ntl:Telewest

We are very happy to have appointed Imerja as the technical partner to the Government Connect programme. Only by everyone working together will we will create a joined-up government.
